14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► On June 18, 2026, the MFS Charter Income Trust (the 'Acquired Fund') merged into the MFS Multimarket Income Trust (the 'Acquiring Fund') in a tax-free reorganization. The reorganization comprised: (i) the transfer of all of the assets of the Acquired Fund to the Acquiring Fund in exchange for Acquiring Fund shares and the assumption by the Acquiring Fund of the Acquired Fund's liabilities; and (ii) the distribution of those Acquiring Fund shares by the Acquired Fund pro rata to its shareholders in complete liquidation and termination of the Acquired Fund. As a result of this reorganization, Acquired Fund shareholders surrendered their Acquired Fund Shares in exchange for Acquiring Fund shares equal in value to the net asset value of the Acquired Fund shares surrendered (as of June 18, 2026). See Attachment for more information.

The exchange is based on the number and value of shares outstanding at the close of business June 18, 2026.

Merger Ratio is the number of Acquiring Fund shares received per one Acquired Fund share surrendered

Effect on Basis

In General. Each shareholder has an aggregate basis in Acquiring Fund shares received in the merger equal to the aggregate basis of that shareholder's Acquired Fund shares surrendered in the merger.

Average Basis Shareholders. For a shareholder using the average basis method, the basis immediately following the merger in a particular Acquiring Fund share received in the merger equals the aggregate basis in the shares (including the basis carried over from the Acquired Fund shares surrendered in the merger) divided by the total number of shares received.

Non-Average Basis Shareholders. For a shareholder who does not use the average basis method but had the same basis in each of the Acquired Fund shares immediately prior to the merger (i.e., because the Acquired Fund shares were purchased at a single price in a single transaction), the shareholder's basis of each Acquiring Fund share received is calculated as follows:

- Each share received is equal to 74.988882% of the basis of each Acquired Fund Share surrendered.

A shareholder who did not have the same basis in each of the Acquired Fund shares determines the basis of each of the Acquiring Fund shares received in accordance with Treas. Reg. Sec. 1.358-2.

Shareholders should consult IRS Publications 550 and 564, and their tax advisors for more information.
