

February 2024

MONTHLY SWING PRICING HISTORICAL ACTIVITY REPORT

Swing pricing is the process of adjusting a fund's net asset value ("NAV") for each share class, upward or downward, in order to mitigate the dilution impact on long-term investors caused by dealing costs incurred as a result of capital stock activity that exceeds a certain percentage of the Fund's assets ("threshold") as set by the Board of Directors of the Company or Management Company. Net inflows exceeding the threshold would result in the NAV for each share class being adjusted upwards while net outflows exceeding the threshold would result in the NAV for each share class being adjusted downwards. Swing pricing is applied to all subscriptions and redemptions on any day on which it is applied.

Swing Pricing Calculation Example:

Date	Fund Name MFS Meridian Funds -	Share Class	Swing Direction	Pre- Swung NAV	Swing Adjustment (€)	Swing Adjustment (%)	Final NAV
12/2/2015	Global Equity Income Fund	I1EUR	SWING UP	115.60	0.15	0.13%	115.75

Step One:

Share Class Pre-swung NAV: €115.60 multiplied by Swing Adjustment (%): 0.13% = Swing Adjustment (€): €0.15

Step Two:

Share Class Pre-swung NAV: €115.60 plus Swing Adjustment (€): €0.15 = Final "Official" NAV: €115.75

Monthly Swing Pricing Activity – (The Swing Adjustment shown is applicable to all share classes within the Fund. The Final (swung) NAV is the "Official NAV" of the share class.)¹

¹ While complete swing pricing activity is published on a monthly basis, shareholders may also request information regarding swing pricing activity since the last monthly publication date through their intermediary or by contacting MFS Investment Management Company (Lux) S.à r.l. as set forth in the MFS Meridian Funds Prospectus.

SWING ADJUSTMENT FACTORS

The following table provides the Swing Adjustment factors (please refer to the calculation example above) for each fund. These factors are current as of the period end of this publication, but may change without notice from time to time consistent with established updating procedures. For information about the Swing Adjustment factor applicable to a fund as of a prior date, please contact the Management Company.
