

MFS® 529 SAVINGS PLAN EXPENSE OVERVIEW SUPPLEMENT

June 2016

Participant expense overview

This supplement provides an overview of the expenses and fees that you incur when investing in the MFS 529 Savings Plan. It is only a summary and is not intended to be the sole source for this information. You should read and understand the entire MFS 529 Savings Plan Participant Agreement and Disclosure Statement as well as the prospectuses for the Investment Funds underlying the Investment Options offered by the MFS Plan. These documents contain additional details and are important tools in understanding the costs of the MFS Plan.

The MFS 529 Savings Plan is sponsored by the State of Oregon. Depending on the state of residence of the Account Owner or the Designated Beneficiary, an investment in the MFS Plan may not afford state tax benefits. You should consult your own state plan to determine if other state tax benefits exist. The MFS Plan is a member of the Oregon 529 Savings Network. Information on the network can be obtained at www.oregon529network.com.

This Supplement describes expenses and fees as of June 2016; these expenses and fees are subject to change. Expenses of the Investment Funds in which the MFS Plan invests are subject to change, as detailed in the Investment Funds' prospectuses. Fees and expenses of the MFS Plan are also subject to change at any time, as approved by the Oregon 529 Savings Board. For the fiscal year-end expenses of the MFS Plan and the Investment Funds, please visit the MFS Plan's section of the Program Manager's Web site at mfs.com.

Please note: capitalized terms not defined in this Supplement have the definitions ascribed to them in the Participant Agreement and Disclosure Statement.

Costs of an MFS 529 Savings Plan Account

The costs of an MFS 529 Savings Plan Account may be broken into two categories:

- sales charges
- ongoing fees and expenses

As discussed in the Participant Agreement and Disclosure Statement, the Investment Option you select will invest in a single Investment Fund. As described below, the up-front sales charge with respect to an investment in class 529A shares and other fees and expenses will vary based upon the Investment Fund corresponding with the Investment Option you select.

SALES CHARGES (fees paid directly from your investment)

Up-front sales charges — Class 529A shares

You generally will pay an up-front sales charge, or “load,” on contributions to the MFS 529 Savings Plan that are invested in Class 529A shares. The sales charge is imposed on purchases (as a percentage of the offering price) and is deducted from your investment at the time of purchase. The following table summarizes the up-front sales charges on contributions that are invested in Class 529A shares.

529A SHARE PURCHASES — % of investment charged as an up-front sales charge				
	Purchases less than \$50,000	Purchases \$50,000 up to (less than) \$100,000	Purchases from \$100,000 up to (less than) \$250,000	Purchases \$250,000 or more
All Investment Funds not listed below	5.75%	4.75%	3.75%	See prospectus
MFS® High Income Fund and MFS® Total Return Bond Fund	4.25%	4.25%	3.25%	See prospectus
MFS® Limited Maturity Fund	2.50%	2.25%	2.00%	See prospectus
MFS® U.S. Government Cash Reserve Fund	0.00%	0.00%	0.00%	0.00%

Contingent deferred sales charges — Class 529B and Class 529C shares

You will not pay an up-front sales charge on contributions that are invested in Class 529B or Class 529C shares, but you generally will pay a contingent deferred sales charge (CDSC) if the shares are redeemed within a certain period of time after purchase. The CDSC is a percentage of original purchase price or redemption proceeds, whichever is less. The following table summarizes the CDSCs for Class 529B shares and the time periods corresponding to the imposition of CDSCs for this share class.

529B SHARE PURCHASES — % of investment charged as a contingent deferred sales charge (CDSC)							
Year of redemption after purchase	First	Second	Third	Fourth	Fifth	Sixth	Seventh and following
Deferred sales charge	4.00%	4.00%	3.00%	3.00%	2.00%	1.00%	0.00%

Class 529C shares redeemed within 18 months of your purchase generally are subject to a 1.00% CDSC.

Annual fees and expenses

Ongoing fees and expenses include the expenses of the Investment Funds in which the MFS Plan invests, the administrative costs to run the MFS Plan, the costs of the Oregon 529 Savings Network and distribution and service (12b-1) fees. These asset-based fees and expenses are deducted from the underlying Investment Funds in which the MFS Plan invests based on the annual percentages in the tables below. The annual account maintenance fee is paid directly from your investment.
